YOLANDA MBANDE

Junior Laravel PHP Full Stack Developer

065 711 0159 | yolandambande60@gmail.com | Cape Town, Western Cape
Github: YolandaMbande | LinkedIn: Yolanda Mbande | Portfolio: Yolanda.dev

PROFESSIONAL SUMMARY

Junior Software Developer with a Diploma in Computer Science and hands-on experience developing, maintaining and improving web applications using PHP, Laravel, JavaScript and MySQL. Experienced in full-stack development, RESTful APIs, database management, debugging and Git-based collaboration. Proficient in building responsive user interfaces, implementing backend functionality and resolving technical issues within Agile development environments. Strong understanding of object-oriented programming, MVC architecture and clean coding practices, with a commitment to continuous learning and delivering reliable software solutions.

TECHNICAL SKILLS

PROGRAMMING
PHP · Java · JavaScript
HTML · CSS · SQL

DATABASES & DATA
MySQL, SQL, Relational Database Design, Migrations

TOOLS & PLATFORMS
Git · GitHub · VS Code
Laravel · Livewire
Blade · Tailwind CSS

CORE COMPETENCIES
Debugging · Testing
Problem solving · OOP
Agile · Code reviews

EXPERIENCE

Junior Software Developer
Sep 2025 – July 2026
Spacebar Solutions (Pty) Ltd

- Developed and maintained application features using PHP and Java.
- Investigated and resolved software defects, improving application functionality and reliability.
- Worked with relational databases to retrieve, update and validate application data.
- Collaborated with developers to implement solutions and troubleshoot technical issues.
- Participated in testing, debugging and Agile development workflows.

Software Developer Intern
Aug 2024 – Aug 2025
Teambix (Pty) Ltd

- Developed and enhanced web application features using PHP, Laravel, Livewire, Blade and JavaScript.
- Implemented backend functionality and database migrations using Laravel and MySQL.
- Built and maintained responsive user interfaces using HTML, CSS, Bootstrap and Tailwind CSS.
- Debugged frontend and backend issues, resolving defects and improving application functionality.
- Used Git and GitHub for version control, pull requests and collaborative code reviews.

Academic Mentor / Tutor
2023
Tshwane University of Technology

- Tutored 2nd and 3rd-year students in Internet Security and Database Programming.
- Assisted students with code debugging, database queries, and core programming concepts.
- Evaluated practical lab assignments and provided constructive feedback on code structure and SQL logic.
- Conducted weekly one-on-one sessions to help struggling students prepare for practical assessments and exams.

PROJECTS

AddressDox
PHP · Laravel · Livewire · MySQL
Contributed to a full-stack web application by developing backend features, managing database migrations and resolving bugs.

EasyBooking
PHP · Laravel · MySQL
Web-based booking application designed to simplify reservation management and streamline booking processes.

Nestashots
HTML · CSS · JavaScript
Responsive photography website featuring categorised galleries, interactive image previews and mobile-friendly layouts.

EDUCATION

Diploma in Computer Science
Tshwane University of Technology (TUT) | Graduated 2025
Relevant coursework: Object-Oriented Programming, Database Programming, Software Engineering, Systems Analysis and Internet Security.
